

**Examples of
Biodegradable/Compostable or Recyclable
Disposable Food Service Containers**

Alternatives to Expanded Polystyrene, in accordance with Hamilton By-Law

The Hamilton Board of Health has created this sample list of alternatives to expanded polystyrene (styrofoam) disposable food and beverage containers. Shown are biodegradable/compostable or recyclable disposable food and beverage containers that are available and affordable. Retailers may also purchase other products, and from other companies, as long as their products are in compliance with the Hamilton By-Law Ch. XXXV Environmental Hazards: Reduction of Waste.
