

Hamilton Open Space Committee
Minutes of Meeting on May 8, 2018

Members present: Gretel Clark, Marcia Dolce, Jackie Hodge, Rosie Kennedy, Zach Peters
Attending: Heidi Clark, George Tarr

Chair Clark opened the meeting at 6:45 p.m.

The April 23, 2018 minutes were approved unanimously.

Conservancy District: Heidi Clark gave an update on Conservancy District. She showed three maps with different versions of the conservancy district on the maps. We will need to define the conservancy district and not base it on elevations. Right now the Planning Board is defining the Conservancy District by elevations.

George Tarr informed the committee that there is a map of the conservancy district on the second floor of Town Hall with a caption saying that it is the legally defensible conservancy district. This map doesn't look anything like the original map of the conservancy district.

Zach suggested that since we are being tasked with rewriting the conservancy district bylaw, that we request the Town to give us all materials relating to the Conservancy District, including the map on the 2nd floor at Town Hall.

Scenic Road Bylaw: Scenic Road bylaw review. Some progress was made. Rosie and Zach will work together between meetings on finalizing the draft bylaw.

Next meeting: TBD
