CHAPTER I

TOWN MEETING

SECTION 1: Manner in which Town Meetings are to be called.

- a. **WARRANTS:** Every town meeting shall be called pursuant to a warrant issued by the Board of Selectmen which shall state the time and place at which the meeting is to convene and the subjects which are to be acted upon.
- b. **NOTIFICATION:** The Board of Selectmen shall cause attested copies of the warrant for each town meeting to be posted, one at the Town Hall, one at each of the Post Offices, and one at the Police/Fire Station in Hamilton at least seven (7) days before the Annual Town Meeting in the Spring and fourteen (14) days before any special town meeting and the regularly scheduled Town Meeting in the Fall of each year;. Such posting shall be deemed to be the legal notification of such meeting, and the legal service of such warrant.

SECTION 2: Time of Meetings

- a. **GENERAL:** The town shall meet in regular meetings twice each calendar year, and in special meetings, at such times as the Board of Selectmen may direct, or as otherwise provided by law.
- b. **MEETING DATES:** “The Spring Town meeting, which shall be the Annual Town Meeting for purposes of General Laws, Chapter 39, Section 9, shall include the adoption of an annual budget and other warrant articles, and shall meet, except for the election of Town Officers, on the first Saturday of April in each year at 9:00 in the morning, unless the Selectmen vote to establish another date in order to suit the public convenience for reasons the Selectmen shall determine including, but not limited to, conflicts with the observance of holidays. That date must be a Saturday. If the business of the Annual Town Meeting is not completed on the first day, it may be adjourned from time to time. A regular Fall Town Meeting shall meet at a time designated by the Board of Selectmen, usually the third Saturday in October.”
- c. **ELECTION OF TOWN OFFICERS:** The election of town officers shall be held on the first Thursday after the opening of the Annual Town Meeting. The Selectmen may upon the recommendation of the Town Clerk change the date of the election to either of the next two succeeding Thursdays. The polls for the election of said town officers shall be opened at 7:00 o’clock a.m. and shall close at 8:00 o’clock p.m.

SECTION 3. Quorum

Seventy-five (75) legal voters shall constitute a quorum at the Annual Town Meeting. Seventy-five (75) legal voters shall constitute a quorum at all other Regular and Special Town Meetings.

CHAPTER II

RULES AND PROCEDURE OF TOWN MEETINGS

SECTION 1. All articles in the warrant shall be taken up in the order of their arrangement, unless otherwise decided by a two-thirds vote, except that unanimous consent shall be required for inclusion of an Article in a "Consent Motion" group of Articles that will be taken up by the meeting for voting on the group.

SECTION 2. In case of motions to amend, or to fill out blanks, the one expressing the largest sum of the longest time shall be put first, and an affirmative vote thereon shall be a negative vote on any smaller sum or shorter time.

SECTION 3. The report of a committee shall be deemed properly before a meeting if a request for its acceptance is included in an article of the warrant and a copy is published in the Annual Report or is filed with the Town Clerk fifteen days prior to the meeting. A vote to accept a final report shall discharge the committee but shall not be equivalent to a vote to carry out its recommendations. A vote on recommendations included in a committee report shall only be in order under an article to that effect in the warrant. A vote to accept a report of progress shall continue the committee under its original authority unless otherwise specified.

SECTION 4. If an article of the Warrant has once been acted upon and disposed of, it shall not be again considered at the meeting except by a two-thirds vote.

SECTION 5. No money shall be appropriated to or from the Stabilization Fund except by a 2/3 vote at a Town Meeting.

SECTION 6. Only registered voters of the Town shall be admitted and entitled to vote at any annual or special meeting provided that upon prior request the Moderator may admit to the meeting persons who are not registered voters and in his discretion may permit them to speak on a subject. Any person so permitted to speak at a meeting shall announce his full name and address to the meeting.

SECTION 7. Motions at Town Meeting shall be made orally, but the Moderator may require any motion also to be submitted in writing. Unless otherwise directed thereby the Moderator shall appoint all committees created by the vote of the Town.

SECTION 8. The conduct of all Town Meetings not prescribed by law or by the foregoing rules shall be determined by the rules of practice contained in the most current edition of **Town Meeting Time,** A Handbook of Parliamentary Law.

SECTION 9. On matters requiring a two-thirds vote, either by statute or these By-Laws, a count need not be taken and the vote need not be recorded unless the vote declared is immediately questioned by seven or more voters as provided in General Laws, Chapter 39, Section 15.

CHAPTER III

SELECTMEN

SECTION 1. Except as otherwise provided by law and by these by-laws, the Selectmen shall have and may exercise all the powers of the Town and shall have general direction and management of its property and affairs. Unless otherwise provided by law, the Selectmen shall have the power to acquire and dispose of personal property for the Town.

SECTION 2. The Selectmen shall determine that all elected boards and appointed committees are organized within a reasonable time and that notification thereof to the Town Clerk has been given. Copies of all contracts and other commitments of the funds of the Town shall be filed with the Town Accountant under Massachusetts General Laws, Chapter 41, Section 57. All town vehicles, and such other Town property as the Selectmen designate, shall be marked with the words "Town of Hamilton" provided, however, that the Selectmen may permit a police vehicle to be unmarked.

SECTION 3. The Selectmen are authorized and empowered to sell at auction property taken by foreclosure, as provided in General Laws, Chapter 60, and to execute and deliver deeds therefore, after first giving notice of the time and place of such sale by placing an advertisement in a newspaper of general circulation in the Town at least fourteen (14) days before the sale. The Selectmen or their appointee authorized to hold such auction may reject any and all such bids which they deem inadequate.

SECTION 4. Pursuant to Ch. 114 of the Acts of 2009, the Town Manager shall appoint each year an inspector of gas piping and gas appliances in buildings, whose qualifications and duties shall be those as set by and consistent with G.L. c. 143, § 30. The Board of Selectmen may by regulation establish fees therefore.

SECTION 5. No person shall remove any soil, loam sand or gravel from any parcel of land in the Town not in public use unless removal is authorized by a permit issued by the Board of Selectmen after a public hearing.

SECTION 6. The Selectmen are authorized and empowered after public notice and hearing to grant, suspend or revoke a license to keep and operate mechanical and electronic games and amusement devices including automatic amusement devices as defined in General Laws, Chapter 140, Section 177A. Each application for a license shall contain the following information: i) the identity of the applicant, ii) address and description of the premises, iii) location of the game or device on the premises, iv) identity of the person from whom the game or device is to be purchased, rented or otherwise obtained, v) description of the game or device including name of manufacturer, model and serial number, vi) terms of the agreement governing the acquisition and installation of the game or device on the premises, and vii) any other information which the Selectmen deem necessary and proper for the full protection of the patrons and the public. The Selectmen are authorized and empowered to impose conditions on the grant of any license hereunder. Licenses shall expire on December 31 of each year. The annual fee for a license for any game or device licensed hereunder, or for any renewal thereof, shall be \$100. The license fee may be prorated on the basis of the number of months in which the license is to be in force but shall not be refundable. No commercial establishment shall have more than two

amusement devices of the type regulated by this section, except that this limit shall not apply to private clubs or organizations.

SECTION 7. The Board of Selectmen may make Rules and Orders for the regulation of parking by permit or otherwise on Chebacco Road in the vicinity of the town beach and may set penalties for violation thereof.

SECTION 8. The Emergency Communications Center Operations Board with the approval of the Board of Selectmen, or if such committee shall not be appointed, the Board of Selectmen, is authorized to establish rules, regulations, and schedules of fees for the installation, operation, and maintenance of fire and intrusion alarm systems, including medical alert systems. No person shall install, operate or maintain a fire, intrusion, or medical alert alarm system which is connected by direct line to the Emergency Center, or which incorporates a telephone dialing device programmed to dial a local police, fire, emergency, or private alarm service telephone number automatically, or which uses exterior audible signals at the alarm location, or which otherwise is intended to cause, directly or indirectly, the dispatch of emergency personnel, unless such person first obtains a permit from the Emergency Communications Center Operations Board, or the Board of Selectmen, and thereafter complies with applicable rules and regulations and pays any applicable fees. No person shall intentionally transmit any false fire, intrusion or medical alert alarm. Repeated transmission of false fire, intrusion or medical alert alarms after notice of a system malfunction from the Emergency Communications Center Operations Board, or the Board of Selectmen, shall constitute an intentional transmission of a false fire, intrusion or medical alert alarm. Violation of this by-law shall be punishable by a fine of up to but not more than one hundred dollars (\$100.00) for each offense.

SECTION 9. Annually following Town Elections, and following any election of a new member to the Board, the Board of Selectmen shall organize the Board by electing a member to serve as Chairman and a member to serve as Clerk. The Chairman shall preside over all meetings of the Board and oversee the general direction of the Board. The Clerk shall, on a day-to-day basis, and, in the absence of the Board of Selectmen, perform those functions that are deemed necessary for the orderly operation of the Town.

SECTION 10. The Selectmen are authorized and empowered, in accordance with Ch. 114 of the Acts of 2009 to appoint a Town Manager; and execute a contract for employment therewith. The Town Manager is authorized and empowered to appoint and remove any of the following: a Town Accountant, Treasurer/Collector, Finance Director, Emergency Center Supervisor, Recreation Director, a Director of Public Works, a Chief of Police, and a Fire Chief, and to execute employment contracts with said officials, the terms of which may with the concurrence of the Board of Selectmen vary from the Personnel By-law and policies. All appointments and removals of department heads by the Town Manager shall be subject to confirmation by the Board of Selectmen. All other appointments shall be made by the Town Manager in consultation with the respective department head, board, commission or committee.

SECTION 11. The Town of Hamilton shall publish no later than April 1st of each year, all gross wages, salaries, and other compensations paid to all employees by the Town of Hamilton and by the Hamilton-Wenham Regional School District. Copies of the above information shall be made public and available at the Hamilton Town Hall.

SECTION 12. (Deleted at Special Town Meeting on October 30, 2010 -- Article 2010/10 4-2)

SECTION 13. The Planning Board of the Town shall consist of seven (7) members. **The term of office for Planning Board members is three (3) years.”**

SECTION 14. D. The Board of Selectmen may waive such denial suspension or revocation if it finds there is no direct or indirect business interest by the property owner, its Officers or stockholders, if any, or members of his immediate family, as defined in Section one of Chapter 268 A, M.G.L. in the business or activity conducted in or on said property.

The purpose of this By-law is to protect, preserve and maintain the public health, safety and welfare by creating a balance between the needs of the environment, our ground water supply, the citizens of Hamilton and Hamilton's public water distribution system, and by addressing concerns about lower ground water levels and the potential demand on its water sources during the dry summer months, while recognizing the therapeutic, esthetic and environmental benefits that gardening and landscaping bring to our community. The provisions of this By-law are applicable only to the use of water supplied by the Town's public water system or withdrawn from the same water sources as the Town's public water system and do not apply to the use of recycled water, storm water run-off, gray water or water from cisterns or rain barrels that derive their water directly from precipitation.

SECTION 3. Definitions

Nonessential Outdoor Water Use shall mean those uses that are not required:

1. for health or safety reasons;
2. by regulation;

SECTION 5. Declaration of a State of Water Supply Conservation

The Board of Selectmen may declare a State of Water Supply Conservation upon their determination that there exists or impends a shortage of water, and that conservation measures are appropriate to ensure that an adequate supply of water is available to all users, including fire-fighting operations; that the Town's water withdrawal volumes remain within the limits of any applicable Registration Statement submitted by the Town to the Massachusetts Department of Environmental Protection pursuant to G.L. Ch.21G, Sec. 5 and any applicable water withdrawal Permit issued to the Town pursuant to G.L. Ch.21G, Sec. 11; and that any conditions set forth in such Permit are satisfied. Public notice of a State of Water Conservation shall be given in accordance with Section 7 of this By-Law before any restrictions, conditions or requirements limiting the use of water may be enforced pursuant thereto.

SECTION 6. Restricted Water Uses

A declaration of a State of Water Supply Conservation shall be accompanied by the imposition of one or more of the following restrictions, conditions or requirements limiting the use of water as necessary to protect the water supply. The applicable restrictions, conditions or requirements shall be included in the public notice required by Section 7.

SECTION 7. Public Notice of a State of Water Supply Conservation

Notice of any declaration of a State of Water Supply Conservation, including the accompanying restrictions, conditions or requirements limiting the use of water imposed by the Board of Selectmen shall be published in a newspaper of general circulation within the Town, sent by mail, posted on the Town's Web site, or provided by such other means reasonably calculated to reach and inform all water users of the State of Water Supply Conservation. Notification of the State of Water Supply Conservation shall also be provided to the Massachusetts Department of Environmental Protection.

SECTION 8. Termination of a State of Water Supply Conservation- Notice

In the event that any provision of this section conflicts with any restrictions, conditions or requirements limiting the use of water imposed by the Board of Selectmen pursuant to Section 7 of this By-law, the applicability of such provision shall be suspended for so long as such conflict continues.

It is unlawful to engage in nonessential outside water use through a sprinkler or lawn irrigation system between 8:00 am and 8:00 pm.

All outside spigots shall be retrofitted with an antisiphon device.

All existing automatic underground irrigation systems shall have rain sensors wired into them to prevent unnecessary watering.

Nothing in this section shall be construed to prohibit watering through drip irrigation hoses or other devices that use subsurface application and prevent the water from being evaporated through contact with the atmosphere.

SECTION 10. Penalties

Any person violating this By-law shall be subject to a penalty, which shall inure to the Town, in the amount of \$50.00 for the first violation and \$100.00 for each subsequent violation. The above-described agricultural activities may occur on holidays, weekdays, and weekends by night or day and shall include the attendant incidental noise, odors, dust, and fumes associated with normally accepted agricultural practices. It is hereby determined that whatever impact may be caused to others through the normal practice of agriculture is more than offset by the benefits of farming to the neighborhood, community,

and society in general. The benefits and protections of the Right to Farm By-Law are intended to apply exclusively to those commercial agriculture and farming operations and activities conducted in accordance with generally accepted agricultural practices. Moreover, nothing in this Right to Farm By-Law shall be deemed as acquiring any interest in land, or as imposing any new land use regulation, but neither does it supersede or overrule any other requirements or restrictions on the use of land for the purposes covered hereby, whether by state, regulation or local by-law.

Section 4 Disclosure Notification

The Agricultural Commission will provide to local realtors and make available at Town Hall in the Town Clerk's Office the disclosure notification below. The Town encourages sellers of property to make this information available to buyers.

"It is the policy of this community to conserve, protect and encourage the maintenance and improvement of agricultural land for the production of food and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers or occupants that the property they are about to acquire or occupy lies within a town where farming activities occur. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors. Buyers or occupants are also informed that the location of property within the Town may be impacted by commercial agricultural operations including the ability to access water services for such property under certain circumstances."

The notification language required by this Section shall be included in the Town's Annual Report in the Report of the Agricultural Commission. In addition to the above, the notification language required by this Section shall be posted in Town Hall with a current list of active agricultural sites provided by the owners/operators of these sites. Owner/operators who wish to notice their activities for the upcoming year will submit their names and a description of their operations to the Town Clerk on a form available at the Town Clerk's Office by November 1 of each year.

Section 5 Resolution of Disputes

To enhance the prompt resolution of disputes that may arise between those engaged in the agricultural uses protected under this Bylaw and those who claim that the use or enjoyment of their properties is adversely affected by such uses, the following dispute resolution procedure is established as a means by which owners and tenants may attempt to resolve the dispute in a prompt, effective, and amicable manner.

Any owner or tenant who wishes to complain that farming or a farming activity is adversely affecting the use or enjoyment of the owner's or tenant's real property may file a grievance with the Town Manager, The Zoning Enforcement Officer, the Board of Health, or the Conservation Commission, depending upon the nature of the grievance. Such Board, Commission, or official may forward the grievance to such other Board, Commission, or official whose jurisdiction may be more appropriate to address the grievance. A Board, Commission, or official may refer the grievance to the Agricultural Commission, which shall then undertake such efforts as it deems reasonable and appropriate to facilitate an agreement to resolve the grievance. The Agricultural Commission shall file a report with the referring Board, Commission, or official within 30 days after receipt of the referral, unless the referring Board, Commission, or official establishes a different deadline or the parties to the dispute agree to a different

deadline. Nothing herein shall impair or limit any other remedy available to an aggrieved party, suspend the time within which any such remedy must be pursued, or impair or limit the authority of the Board of Health or any other government body or official to respond to cases of imminent danger or public health risk.

Section 6 Severability Clause

If any part of this Bylaw is for any reason held to be unconstitutional or invalid, such decision shall not affect the remainder of this Bylaw. The Town of Hamilton hereby declares the provisions of this Bylaw to be severable.

CHAPTER XXIX

- B. To the extent that the Zoning Board of Appeals is the Permit Authority under M.G.L. Chapter 40B and for certain activity, development, construction or reconstruction under the Zoning Bylaw for which the Applicant must also seek a Storm water Management Permit, then the Zoning Board of Appeals shall also be the Permit Authority in that instance.
- C. For all other applications which fall under the purview of this bylaw, the Planning Board shall be the Permit Authority.

F. Storm water Management Manual

1. The Permit Authority will utilize the policy, criteria and information including specifications and standards of the latest edition of the Massachusetts Storm water Management Policy to execute the provisions of this Bylaw. The Policy may be updated and expanded periodically, based on improvements in engineering, science, monitoring, and local maintenance experience. Unless specifically altered in the Regulations, storm water treatment practices that are designed, constructed, and maintained in accordance with these design and sizing criteria will be presumed to be protective of Massachusetts water quality standards.
2. Storm water Credit System. The Permit Authority may adopt a Storm water Credit System as part of the regulations authorized by this Bylaw section. This credit system will allow applicants the option to use better site design practices to reduce some of the requirements specified in the criteria section of the Regulations. Failure of the Permit Authority to promulgate such a credit system through its Regulations or a legal declaration of its invalidity by a court shall not act to suspend or invalidate the effect of this Bylaw.

6. PERMITS AND PROCEDURES

A completed application for a Storm water Management Permit (SMP) shall be filed with the Permit Authority. The Storm water Management Permit Application package shall include:

1. a completed Application Form with original signatures of all owners;

3. If an application is filed independently of other filings, the Permit Authority shall hold a public hearing within sixty (60) days of the receipt of a complete application and shall take final action within sixty (60) days from the time of the close of the hearing unless such time is extended by agreement between the applicant and the Permit Authority. Notice of the public hearing shall be given by publication in a newspaper of local circulation, public posting, and by certified mail at the Applicant's expense to abutters at least fourteen (14) days prior to the hearing date. In the event the Applicant objects to a continuance, or fails to provide requested information, the waiver request shall be denied.

F. Actions by the Permit Authority may include:

1. Approve the Stormwater Management Permit Application and issue a permit if it finds that the proposed plan will protect water resources and meets the objectives and requirements of this by-law;
2. Approve the Stormwater Management Permit Application and issue a permit with conditions, modifications or restrictions that the Permit Authority determines are required to ensure that the project will protect water resources and meets the objectives and requirements of this by-law;
3. Disapprove the Stormwater Management Permit Application and deny the permit if it finds that the proposed plan will not protect water resources or fails to meet the objectives and requirements of this by-law.

G. Failure of the Permit Authority to take final action. Failure of the Permit Authority to take final action upon an Application within the time specified above shall be deemed to be approval of said Application. The sources of said map are Assessors Maps #40 and #49 on file with the Board of Assessors of Hamilton.

2. There is hereby established a Historic District Commission, hereinafter called "The Commission", under the provisions of General Laws, Chapter 40C, as amended, consisting of seven members and three alternate members, appointed by the Board of Selectmen. Before making any appointment the Board of Selectmen shall in writing request the names of two nominees from the Hamilton Historical Society, two nominees from the Chapter of the American Institute of Architects covering Hamilton, and two nominees from the Board of Realtors covering Hamilton. One appointment shall be made from the two nominees named by each such organization. If any such organization shall fail to name two nominees within thirty days of such request, the Board of Selectmen may make the appointment without nomination from such organization. The remaining appointments may be made without nomination from any independent organization. At least one member so appointed shall be a resident of or owner of property within the Historic District. When the Commission is first established two members shall be appointed for a term of one year, two shall be appointed for a term of two years, and three shall be appointed for three years. Their successors shall be appointed in like manner for terms of three years. The filling of vacancies in the membership of the Commission, the designation of alternate members to serve as required, and the election of Officers shall be in accordance with the provisions of General Laws, Chapter 40C, as amended.

7. In case any section, paragraph, or part of this by-law be for any reason declared invalid or unconstitutional by any court of last resort, every other section, paragraph, or part shall continue in full force and effect.

8. Preservation of Historically Significant Buildings

Purpose and Intent

This bylaw is adopted for the purpose of preserving and protecting significant historic buildings, as defined herein, within the Town of Hamilton and encouraging owners of such buildings to seek out alternatives so as to preserve, rehabilitate, or restore such buildings rather than to demolish them or alter them in a detrimental way. Such buildings constitute or reflect distinctive features of the architectural, cultural, economic, agricultural, political, or social history of the Town. Further, through the bylaw, residents of the Town are alerted to impending demolition or alteration of significant buildings. By preserving and protecting significant buildings, streetscapes, landscapes and neighborhoods, this bylaw promotes the public welfare by making the Town a more attractive and desirable community.

To achieve these purposes, the Hamilton Historic District Commission, exercising its powers and duties as the Historical Commission, shall advise the Building Inspector with respect to applications for demolition permits, as defined herein. The issuance of demolition permits is regulated as provided by this bylaw.

Definitions – As used throughout this bylaw, the terms defined below have the following meanings:

APPLICANT - Any person or entity who files an application for a demolition permit. If the applicant is not the owner of the premises upon which the building is situated, the owner must indicate on or with the application his/her assent to the filing of the application.

APPLICATION - An application for the demolition of a building.

BUILDING - Any combination of materials having a roof, whether partial or full, and regardless of the presence or absence of walls or sides, and which is intended for shelter, housing, or enclosure of any person, process, equipment, animals, or goods, including a structure.

BUILDING INSPECTOR - The person occupying the office of Building Inspector or otherwise authorized to issue demolition permits.

COMMISSION – The Hamilton Historic District Commission, as defined by Chapter XXXI of the Town Bylaws, or its designee.

DEMOLITION - Any act of pulling down, destroying, removing, dismantling, or razing a building or commencing the work of total or substantial destruction with the intent of completing the same. The removal, whether in one project or more than one project over the course of a twenty-four (24) month period, of 50% or greater of a building involving the removal of historically significant character-defining exterior features as determined by the Commission shall constitute demolition. Normal repairs or maintenance in kind that is identical to the original structure does not constitute demolition.

DEMOLITION/ALTERATION PERMIT - The building permit issued by the Building Inspector as required by the State Building Code for demolition, substantial demolition, alteration, renovation or removal of a building, excluding a building permit issued solely for the demolition of the interior of a building.

HISTORIC DISTRICT - a defined district, such as the existing Hamilton Historic District, that has been established under the Historic Districts Act, General Laws, Chapter 40C.

PREFERABLY PRESERVED - Any significant building or structure that the Commission determines, following a public hearing, should be preserved or rehabilitated rather than demolished. A preferably preserved building or structure is subject to the 12-month demolition delay period of this bylaw.

SIGNIFICANT BUILDING – Any building or portion thereof within the Town constructed prior to 1940 and which has been determined by the Commission or its designee to be significant based on any of the following criteria:

- The building is listed on, or is within an area listed on, the National Register of Historic Places; or
- The building has been found, by the Massachusetts Historical Commission, to be eligible for the National Register of Historic Places; or
- The building is importantly associated with one or more historic persons or events, or with the broad architectural, cultural, political, economic, or social history of the Town, the Commonwealth or the nation; or
- The building is historically or architecturally important (in terms of period, style, method of building construction or association with a recognized architect or builder) either by itself or in the context of a group of buildings.

If a building is of an unknown age, it shall be presumed to be constructed prior to 1940.

Procedure

No Demolition/Alteration Permit for a significant building shall be issued until the provisions of this bylaw have been satisfied.

An application for a Demolition/Alteration Permit for a building regulated by this bylaw is to be submitted to the Building Inspector, who shall within seven (7) calendar days of receipt transmit a copy thereof to the Commission. No Demolition/Alteration Permit shall be issued during this time.

An applicant who requires a Special Permit from the Planning Board or from the Board of Appeals in order to perform any activity subject to the requirements of this bylaw may, at the time of filing an

application for said Special Permit, file with the Building Inspector a Notice of Intention to apply for a Demolition/Alteration Permit. Such Notice shall be filed in the same manner, and contain the same documentation, as an application for a Demolition/Alteration Permit for a building that was, in whole or part, built prior to 1940. The purpose of the Notice is to allow, if necessary, the applicable boards to hear and decide historic preservation and Special Permit matters contemporaneously. Once filed, such Notice shall be treated for the purpose of Historic Preservation review by the Commission and the special permit granting authority as an application filed pursuant to this section. In the event that the required Special Permit issues to the applicant, the Building Inspector may treat such Notice as an application for a Demolition/Alteration Permit.

An applicant may withdraw an application without prejudice at any time prior to a decision by the Commission.

The Building Inspector shall, within seven (7) calendar days of receipt of such application, forward a copy thereof to the Commission.

Within ten (10 business days of the receipt of the Application by the Commission, the Commission staff in consultation with the Chair of the Commission shall make an initial determination as to whether the building falls into one or more of the categories listed as (a) through (d) below, and shall notify in writing the Commission, the Building Commissioner, Town Clerk, Planning Director, the Applicant, and the owner of record if different from the Applicant, of the initial determination. The categories are as follows:

- a. The building is located in the Historic District;
- b. The building is listed on or is within an area listed on the National or State Register of Historic places; is eligible for listing on either Register; or is a building for which a preliminary determination of eligibility has been made by the Massachusetts Historical Commission;
- c. The building is associated with one or more significant historic persons or events, or with the broad architectural, cultural, political, economic, or social history of the Town, Commonwealth, or nation; or
- d. The building is historically or architecturally significant in terms of its period, style, method of building construction, or its association with a significant architect or builder, either by itself or as part of a group of buildings.

If the building does not fall into any of these categories, the Chair and Commission Staff may determine that the building in question is not preferably preserved and not subject to the public hearing process. Within five (5) business days of the filing of the initial determination with the Town Clerk, any person aggrieved by the determination may file with Commission Staff and the Town Clerk an appeal of the Chair and Commission Staff's determination and the application will require review by the full Commission. The Building Inspector may not issue the demolition permit until the expiration of the five (5) business day appeal period.

Within twenty one (21) calendar days of receipt of the application from the Building Inspector, the Commission shall hold a meeting to determine if a public hearing will be required to determine whether the significant building is preferably preserved. If it is determined that no public hearing is required, the Building Inspector is authorized to issue the demolition permit. If it is determined that a public hearing is required, the Commission will hold a public hearing as specified in this bylaw.

Within forty five (45) calendar days of the determination that a public hearing is required, the Commission shall hold a public hearing to determine if it is in the public interest for a significant building to be preserved or rehabilitated rather than demolished, and, based on such determination, whether the significant building is a preferably preserved building.

No less than fourteen (14) calendar days prior to the hearing date, the Commission shall transmit written notice of the meeting time and place to the applicant, owner of record (if different from the applicant), the owners of all properties within 300 (three hundred) feet of the subject property, the Building Inspector, the Hamilton Historical Society, and any others the Commission deems necessary to notice. The Commission shall give notice of the public hearing by publishing once at least fourteen (14) calendar days before the hearing a notice in a newspaper of general circulation in the town of the time, place, and purpose of the hearing. The applicant shall be responsible for the payment of the cost of publication.

In cases where it is known that additional approvals will be required for the proposed redevelopment of the premises, including zoning variances, special permits, and/or subdivision approvals, notice of the Commission's public hearing shall be provided to the authority responsible for granting said approvals.

If, following the public hearing, the Commission determines that:

1. The building is historically or architecturally significant; and
2. The demolition of this historically or architecturally significant building would be detrimental to the historical or architectural resources of the Town,

the Commission shall declare the building a preferably preserved significant building.

If, following the public hearing, the Commission determines that the building proposed for demolition is not historically or architecturally significant, or that the proposed demolition of the building would not be detrimental to the purposes protected by this bylaw, the Commission shall notify the Building Inspector. The Building Inspector may then issue the Demolition/Alteration Permit.

The Commission shall file written notice of its decision with the Town Clerk within thirty (30) calendar days of its vote. A copy of the decision shall also be mailed to the applicant and provided to the Building Inspector.

Failure to open the hearing or file its decision with the Town Clerk within these prescribed time periods shall be deemed to constitute constructive approval by the Commission, and in such case, the Building Inspector shall, subject to the requirements of the State Building Code and any other applicable laws, by-laws, rules and regulations, issue the Demolition/Alteration Permit.

Upon a determination by the Commission that any building which is the subject of an application is a preferably preserved building, no permit for new construction or alterations of the premises shall be issued for a period of twelve (12) months from the date of the receipt of the application of the Demolition/Alteration Permit to the Building Inspector unless otherwise agreed to by the Commission. The time period for delay shall be extended until the final resolution of any appeal of the Commission's decision to delay filed by the applicant, if the appeal is not resolved by the end of the twelve month period.

If twelve (12) months (if no appeal by the applicant) or the extended time period as set forth in the preceding paragraph have passed since the Demolition/Alteration Permit application was submitted to the Building Inspector, a Demolition/Alteration Permit shall be promptly issued by the Building Inspector.

Notwithstanding the above, the Building Inspector may issue a Demolition/Alteration Permit for a preferably preserved building after receipt of written notice from the Commission that:

1. The building has been fully documented to the satisfaction of the Commission,
2. All salvageable and valuable artifacts and materials have been or will be removed and preserved to the satisfaction of the Commission, and
3. Any of the following applies:
 - a) The Commission is satisfied that there is no reasonable likelihood that the applicant, owner, or some other reasonable person or group is willing to purchase, preserve, rehabilitate, restore, or relocate said building; or
 - b) The Commission is satisfied that for at least 12 (twelve) months, including periods of time prior to the date of submission of an application for demolition permit, the owner has made continuing, bona fide, and reasonable efforts to locate a purchaser to preserve, rehabilitate, restore, or relocate said building or structure, and that such efforts have been unsuccessful; or
 - c) The Commission is satisfied that the proposed demolition may be conducted in a manner that is not detrimental to the historical or architectural resources of the town.

The Building Inspector may issue a demolition permit or a building permit for a preferably preserved building within the 12 (twelve) months if the Commission notifies the Building Inspector in writing that

the Commission finds that the intent and purpose of this bylaw is served even with the issuance of the demolition permit.

No permit for demolition of a building determined to be a preferably preserved building shall be granted until all plans for future use and development of the site have been filed with the Building Inspector and have been found to comply with all laws pertaining to the issuance of a building permit. All approvals necessary for the issuance of such building permit including without limitation any necessary zoning variances or special permits must be granted and all appeals from the granting of such approvals must be concluded prior to the issuance of a demolition permit under this bylaw.

A decision by the Commission expires two (2) years from the date of the decision. If demolition has not occurred prior to the expiration of the Commission's decision, a new application for a demolition permit must be filed with the Building Inspector, and reviewed by the Commission in accordance with the provisions of this section, prior to any subsequent demolition.

Application Contents

An applicant proposing to demolish a building subject to this bylaw shall file with the Building Inspector an application containing the following information:

1. The address of the building to be demolished.
2. Map showing location of the building or portion thereof to be demolished, with reference to the lot lines and to neighboring buildings and structures.
3. Written description of the building or portion thereof to be demolished sufficient to identify the nature and extent of the proposed demolition.
4. Photographs of all elevations.
5. The owner's name, address and telephone number, and e-mail address.
6. Construction date of building and source for information.
7. The reason for requesting a Demolition/Alteration Permit.
8. A brief description of the proposed reuse, reconstruction or replacement.
9. Authorization for a site visit by the Commission.

Administration

The Commission may adopt such rules and regulations as are necessary to administer the terms of this bylaw, but may not increase the length of the delay period stated herein.

In computing any period of time prescribed in this bylaw, the day of the act, event, or default after which the designated period begins to run shall not be included. The last day of the period so computed shall be included, unless it is a Saturday, Sunday, or legal holiday, in which event the period runs until the end of the next business day.

The Commission is authorized to adopt a schedule of reasonable fees to cover the costs associated with the administration of this bylaw, including the retention of consultants deemed necessary to assist the Commission in its review of an application.

The Commission may delegate authority to make initial determinations of significance to one or more members of the Commission or to a municipal employee.

The Commission may proactively develop a list of significant buildings that will be subject to this bylaw. Buildings proposed for the significant building list shall be added following a public hearing, with notice to the record owners of any building proposed to be included on the list.

Responsibilities of the Owner

The owner of a significant building for which a Demolition/Alteration Permit is being sought shall:

1. Provide such information as is reasonably requested by the Commission in connection with its consideration of whether the significant building is a preferably preserved building.
2. Allow exterior access to the property on which the significant building is located, as reasonably requested by the Commission; and
3. Secure the significant building.

An applicant who has applied for a Demolition/Alteration Permit for a preferably preserved building shall:

1. Participate in the investigation of preservation options for the preferably preserved building; and
2. Reasonably cooperate with the Commission and any interested parties seeking alternatives to the demolition of the preferably preserved building.

Once a significant building is determined to be a preferably preserved building, the owner shall be responsible for properly securing the building, if vacant, to the satisfaction of the Building Inspector.

Should the owner fail to secure the building, a subsequent destruction of the building at any time during the demolition delay period, which destruction could have been prevented by the required security measures, shall be considered a demolition in violation of this bylaw.

Emergency or Hardship Demolition

If after an inspection the Building Inspector finds that a building subject to this bylaw is found to pose an immediate threat to public health or safety due to its deteriorated condition and that there is no

reasonable alternative to the immediate demolition of the building, then the Building Inspector may issue an emergency demolition permit to the owner.

The Building Inspector shall then prepare a report explaining the condition of the building and the basis for his decision, which shall be forwarded to the Commission, within five (5) calendar days.

If the owner of the building suffers from financial hardship such that sale of the building to a buyer who wishes to demolish the building is the only option to provide the owner with financial support to preserve or protect the owner's health, safety or well-being, the Chair and the Commission staff may file with the Town Clerk and the Building Inspector a determination of financial hardship. Within five (5) business days of the filing of the determination of financial hardship with the Town Clerk, any person aggrieved by the determination may file with Commission Staff and the Town Clerk an appeal of the Chair and Commission Staff's determination and the application will require review by the full Commission. The Building Inspector may not issue the demolition permit until the expiration of the five (5) business day appeal period. In reviewing a request for a determination of financial hardship, the Chair and Commission staff may consider the sale price, the identity of the buyer, and the buyer's relationship with the owner, if any, to ensure that the purchase is not an effort to evade the provisions of this bylaw.

Nothing in this bylaw is intended to conflict with or abridge any obligations or rights conferred by G.L. c. 143, §§ 6-10 regarding removal or demolition of dangerous or abandoned structures. In the event of a conflict, the applicable provisions of Chapter 143 shall control.

Nothing in this bylaw shall be deemed to conflict with or abridge the authority of the Board of Health pursuant to G.L. c. 111, § 127B or the Board of Selectmen pursuant to G.L. c. 139, §§ 1 – 3A. The Board of Health or the Board of Selectmen is encouraged to consult with the Commission prior to taking action against a building constructed prior to 1940.

Nothing in this by-law shall be deemed to conflict with the provisions of the Historic Districts Act, Massachusetts General Laws, Chapter 40C, with respect to requirements of notice, hearing and issuance by the Commission of a Certificate of Appropriateness, a Certificate of Non-Applicability or a Certificate of Hardship prior to demolition of any building in the historic district.

Enforcement and Remedies

Permits and determinations under this bylaw shall run with the land.

The Commission and Building Inspector are each specifically authorized to institute any and all actions and proceedings as either of them may deem necessary and appropriate to obtain compliance with the requirements of this bylaw or to prevent a threatened violation thereof.

Any owner of a significant building that is demolished without first obtaining a Demolition/Alteration Permit in accordance with the provisions of this bylaw shall be subject to a penalty of \$100 (one hundred dollars). Each day the violation exists until a faithful restoration of the demolished building or other remediation plan has been approved by the Commission shall constitute a separate offense. The Building Inspector may enforce this section by noncriminal disposition as provided by MGL c. 40, § 21D.

If a significant building is voluntarily demolished without first obtaining a Demolition/Alteration Permit, no building permit authorizing construction on the lot on which the building was located or on any adjoining lot under common ownership therewith shall be issued for a period of two (2) years from the date of the demolition on the subject parcel of land or any adjoining parcels of land under common ownership or control, unless the building permit is for the faithful restoration of the significant building or unless otherwise agreed to by the Commission.

Appeals

A person aggrieved by reason of their inability to obtain a Demolition/Alteration Permit may appeal to the Board of Selectmen. The appeal shall be filed with the Town Clerk within twenty-one (21) calendar days after the date that the Commission's decision is filed with the Town Clerk. The Petitioner shall transmit a copy of the Commission's decision, with the date of filing certified by the Town Clerk, to the Board of Selectmen. The Board of Selectmen shall hold a public hearing within thirty (30) calendar days of the receipt of the petition and shall render a decision within sixty (60) calendar days from the date of filing. Failure by the Board of Selectmen to take final action upon a petition within the sixty (60) day period shall be deemed to be a grant of the appeal.

A person aggrieved by a decision of the Board of Selectmen may appeal to a court of competent jurisdiction within twenty-one (21) calendar days after the Board's decision has been filed with the Town Clerk. Notice of such action with a copy of the complaint shall be filed with the Town Clerk within the same twenty-one (21) days.

Historic Districts Act

Following a determination that the building is significant and preferably preserved, the Commission may recommend to Town Meeting that the building be protected through the provisions of Massachusetts General Law, Chapter 40C, the Historic Districts Act. The steps required under M.G.L. Chapter 40C shall be followed prior to the expansion of the local historic district. Nothing in this by-law shall be deemed to conflict with the provisions of the Historic Districts Act, Massachusetts General Laws Chapter 40C. If any of the provisions of this by-law do so conflict, that act shall prevail.

Severability

If any provision of this bylaw shall be found invalid for any reason, such invalidity shall be construed as narrowly as possible, and the balance of the bylaw shall be deemed to be amended to the minimum extent necessary so as to secure the purposes of this bylaw.

4. VACANT BUILDINGS

Vacant buildings or structures are ones which (a) are or will be unoccupied, i.e., not inhabited or lived in, by a Responsible Party for a period of one hundred eighty (180) consecutive days or more and (b) for which the Responsible Party has failed to do any of the following:

5. VIOLATIONS

If the Enforcement Authority is informed of or has reason to believe that unsafe conditions, as defined in Section 3, or that vacant buildings, as defined in Section 4, exist on any real property in the Town, he may make or cause to be made an investigation of the facts, including an inspection of the property where the condition may exist. In making such inspection, the Enforcement Authority shall have such right of access to premises that may be lawfully exercised by him under the laws and constitution of the Commonwealth and/or of the United States.

6. PROCEDURES FOR ENFORCEMENT

A. Procedures – During his investigation of the matter, the Enforcement Authority shall make reasonable efforts to consult with the Responsible Party for the purpose of obtaining voluntary compliance with this Bylaw before initiating any enforcement action.

If, after inspection, the Enforcement Authority confirms the existence of unsafe conditions or vacant buildings in violation of this Bylaw and the Responsible Party fails to voluntarily comply, he shall issue a Notice of Violation and may make and issue such Orders as he deems necessary to correct or eliminate the unsafe conditions or obtain compliance with the requirements for vacant buildings. Said Notice and Orders shall be in writing and shall be served upon all Responsible Parties as can be determined after reasonable inquiry.

Any Interested Party who has filed a written complaint of unsafe conditions or vacant buildings to the Enforcement Authority upon which complaint the Enforcement Authority has determined that the conditions do not exist, or the Enforcement Authority has taken action that the Interested Party claims is inadequate, shall have a right to a review of the matter by the Town Manager. At the request of such an Interested Party, the Town Manager shall confer with the Enforcement Authority and may confer with other appropriate agencies of Town government such as the Council on Aging, Assessors Department, and Building Department. The Town Manager shall make a decision and recommend appropriate action in writing to the Interested Parties, the Responsible Parties, the Enforcement Authority, and the Board of Selectmen.

Any person aggrieved by the decision and recommendation of the Town Manager may request a hearing before the Board of Selectmen. Said request shall be in writing and received by the Board of Selectmen within ten (10) business days of issuance of the Town Manager's decision. A copy of the hearing request shall also be delivered to the complainant, if any, and to all Interested Parties. It shall be the

responsibility of the person requesting the hearing to show that all Interested Parties have been notified of the request. If no such request is received within the time specified herein, the order of the Enforcement Authority shall be final.

A request for hearing shall not constitute a stay of the Enforcement Authority's Order unless the Enforcement Authority so orders.

Upon receipt of a timely request, the Board of Selectmen shall convene a public hearing, which may include an examination of any complainant or Responsible Party, under oath, to determine whether conditions under this Bylaw exist. Based on the evidence and testimony presented at said public hearing, the Board of Selectmen may affirm the Enforcement Authority's Order, reverse and nullify the Order, or issue any such Order as it deems necessary to ensure the protection of public safety and/or eliminate unsafe conditions. The determination of the Board of Selectmen after a hearing shall be final.

Fines for non-compliance with the Enforcement Authority's or Board of Selectmen's Order may be assessed as a non-criminal disposition pursuant to M.G.L. Chapter 40, Section 21D and Article XIII of the Town's Bylaws in the following amounts:

- i. First offense, \$100.00
- ii. Second offense, \$200.00
- iii. Third and successive offenses, \$300.00 each

Each violation of this Bylaw shall constitute a separate offense. Each day that any such violation continues shall constitute a separate offense.

The Enforcement Authority may require that a complaint be made in writing subject to the penalties of perjury. If the Enforcement Authority determines that a reported condition may warrant immediate action, or constitutes a substantial violation of this Bylaw, the Enforcement Authority may seek authority to file for injunctive relief in court without first holding a hearing or providing prior notice to the Responsible Party and without requiring the disclosure of the identity of the complainant.

If the Enforcement Authority determines that the condition is subject to the jurisdiction of the Board of Health or is a violation of the State Sanitary Code or any health regulation, in addition to enforcing this Bylaw, he shall refer the matter to the Board of Health for action.

B. Notice to Complainant - In any matter in which a complaint has been made by a person other than the Enforcement Authority, the Enforcement Authority shall notify the complainant in advance of all conferences or proceedings concerning resolution of the complaint or of any enforcement action and the complainant shall be allowed to be present.

E. Reports by Enforcement Authority - The Enforcement Authority shall file with the Town Manager each month a report that shall include all complaints under this Bylaw made to him during the

prior month; all proceedings begun by him under this Bylaw; all pending complaints and all investigations and enforcement actions taken by him or referred to the Board of Health. The report shall state the location of the premises, a summary of the nature of the complaint, the name of the Responsible Party(ies), and the disposition or the status of the matter.

7. OTHER LAWS

Compliance with this Bylaw shall not relieve the Responsible Party of any applicable obligations set forth in any other codes, regulations, covenant conditions or restrictions, and/or homeowner or condominium association rules and regulations.
