

HAMILTON DPW ANNOUNCEMENT

Paving Improvements Scheduled for Various Roads

D&R Paving, Inc. has been hired by the Town of Hamilton to perform pavement repairs to a series of streets throughout Town. Weather permitting the schedule will be as follows: Pavement milling activities are planned to begin on October 11th through October 18th, followed by roadway paving October 21st through October 23rd.

Roadway sections slated to receive treatment and repairs include: Essex Street, Woodbury Street, Bridge Street, Sagamore Street, Highland Street, Walnut Road, Cutler Road, Rock Maple Avenue, and Linden Street.

We would appreciate that all residents have their vehicles off the road (in the areas being worked on) during the planned schedule.

Roadways will remain open to emergency vehicles, school buses, postal vehicles, and residents, however we do ask residents to plan accordingly, utilizing alternate routes when possible, to reduce resident traffic to help expedite the repairs.

We apologize for any inconvenience this may bring. If you have any questions, please feel free to call the DPW at 978-626-5227.
