- The Municipal Vulnerability Preparedness grant program (MVP) provides support for cities and towns in MA to begin the process of Planning for climate resiliency. Communities who complete the MVP program become certified as an MVP community and are eligible for follow-up grant funding and other opportunities.
- The Town of Hamilton and our MVP Certified Provider, the Metropolitan Area Planning Council, will review findings for our local MVP Workshop, which was held on October 24, 2019.
- The broader community is cordially invited to this listening session to allow for a two-way exchange between the MVP Community Core Team and members of the concerned public.

This program is funded through a grant from the  
Massachusetts Executive Office of Energy and Environmental Affairs.
