Summer 2.0

Though our department is disappointed that we are not operating things as usual this summer, we are excited to be able to offer a combination of in-person and virtual programming. In the time since the decision was made to cancel the Summer Park Program our department has worked hard to develop a listing of offerings that we feel are worthwhile but also stay within the new state restrictions.

Our department has developed a COVID-19 Operations Plan which can be viewed by visiting our website. This document contains information on our drop off/pick-up policy, pre-screening policy, face coverings policy, hand hygiene procedures, and all other relevant policies and procedures in place due to COVID-19.

Registration for all programming will close 1 week prior to the start of the class. unless noted in the class description. This will ensure that our department will be able to communicate with parents/guardians on all policies and procedures relevant to the specific program.

Emergency Information and Health Forms will be required for each of the participants, this form can also be found on our website. Also, each participant will need a signed pre-screening form each day, before being allowed into the program area, again this form can be found on our website.

All of these forms will be distributed to participations as part of our program communication.

Please feel free to reach out with any questions.

Sean and Danielle

FAQ'S

Registrations

Q: When does Registration open

A: Registration will open on Monday, June 22nd.

Q: Are non-residents allowed to register

A: No, residents are permitted to register for any of our department's virtual offerings. All "in-person" programming is available for residents of Hamilton or Wenham only.

Q: What is the cancellation policy

A: our cancellation policy will not change, if a program is cancelled due to low enrollment participants will receive a full refund.

Q: Will you be adding more programming as the summer goes on?

A: Our department will do it's bet to gauge the interest level of programming and add more options if needed.

Q: Will a Phase 3 Stat Opening change programming sizes?

A: It may, depending on the program type and staff available. However all of our plans currently are to keep the programs sizes small.

Screening, Isolation and Discharge

Q: What type of screening will participants go through each day

A: Participants will be required to turn in a daily health screen form each day before the start of a program. This form will be distributed by our department prior to the start of a class, the form can also be found on our website. Staff will also monitor participants throughout the programs for symptoms of any kind.

Q: What happens if there is a COVID-19 exposure at a participant's home?

A: All participants are required to complete a pre-screening form prior to attendance each day. If a participant or family members has come into contact with someone who has been infected with COVID-19 you must contact our department. Our department will notify our health officials and will work with them on determining next steps.

Q: What happens if a staff member or participant starts to show signs of sickness during the program.

A: If someone appears symptomatic, they will be removed from the program and brought to a designated isolation area. Parents/Guardians will be notified for pick up.

Q: What happens if there is a COVID-19 exposure at a program

A: Our department will contact our local health officials and work with them on determining the best way to proceed.

Personal Protective Equipment

Q: Are masks required for participants during program?

A: Masks are required for participants when social distancing can not be maintained. We have restructured our programming so that social distancing can be maintained but participants are still required to bring a mask with them each day.

Q: Will Staff be wearing masks and/or gloves during the day

A: Yes, staff will be required to wear a mask and gloves in situations where social distancing cannot be maintained.

Q: What PPE should my child come to the program with each day?

A: Participants must have a mask or face covering and personal sized hand sanitizer.

Q: What if my child forgets to bring his/her mask to a program

A: Our department has purchased extra masks and will happily make them available to any participant who forgets his/her own.

Cleaning, Disinfecting, and Sanitizing

Q: Will there be extra cleaning of surfaces?

A: Yes, staff will be using CDC recommended cleaning materials to clean and disinfect all materials and surfaces prior to and after each program. We will also clean periodically throughout the day.

Q: How often will frequently touched or common surfaces be cleaned

A: Frequently touched or common surfaces will be cleaned regularly during the day.

Miscellaneous

Q: What happens if it rains?

A: If heavy rain is expected programs will be cancelled. All participants will be notified by email the evening before or morning of. Friday's could be potential make-up days for programming.

SPORTSZONE 101: TOURNAMENT OF CHAMPIONS

In this action packed program, children will participate in a variety of games, such as street hockey, soccer, football, dodgeball, basketball, wiffleball, and many others! In addition to learning the fundamentals of these sports, we will have exciting discussions about current events in sports, learn the importance of maintaining a healthy active lifestyle, and reinforce in-class learning using sports cards and prizes. All equipment used will be cleaned and sanitized throughout the program. Activities that involve less equipment will be used more often than those requiring equipment. New games such as cornhole and capture the flag will be added as those allow for the children to be more spaced out.

Kids' Test Kitchen is on a mission to get young eaters cooking, tasting, and thinking about healthy ingredients! Let's continue to re-define kid food; VIRTUALLY! Each class presents students with an opportunity to explore new or familiar foods in their raw, unmanipulated state. Then, with adult supervision and occasional assistance, we'll work together, virtually, to slice, dice, peel, measure, and cook until we have each prepared the finished dish. The virtual experience gives students the unique opportunity to immediately share their work with family! This session will highlight some of our most popular KTK recipes, including a sweet take on hummus, our "Nourishing Nachos" – a kid favorite, and a delicious way to serve up swiss chard! For LIVE participation, we will be emailing the ingredient lists in advance of each lesson. Parent availability for assistance and some supervision required for LIVE participation. Students who may not have an adult readily available at the time of class, are still encouraged to join in as observers. A recording of the lesson will be made available to participants at the conclusion of class so that they can repeat it later with family!

Participants may choose to purchase a kids test kitchen apron shown to the right and recipe cards for the recipes learned in class for a registration fee of \$99.

RIGHT BRAIN CURRICULUM: METROCRAFT

Students learn economics and civics as they work together to create a city within a virtual Minecraft type world. While certainly a fun game, Minecraft is also a limitless platform for students to learn academic skills in a highly engaging virtual environment. In this problem-solving class, students design their own house and business within a virtual city as they learn about budgeting, profit and loss, supply and demand and consumer markets. As they serve on a city council, they study how laws are made and work together to create their own constitution of laws. They must problem-solve as they serve on a city council that responding to natural disasters and challenging city issues. STEM learning has never been so fun! This class will take place online. We will use two programs, Zoom and Minetest. Zoom is an online classroom that is very easy to use. We will send a Zoom ID number with a code to join the meetings. We use a public domain version of Minecraft called Minetest which is nearly identical but which works better for our civics-based purposes.

We can also create mods easier and have multiple cities within one state. Best of all, it's free. :) We send out detailed instructions and links to a tutorial for how to download and install the program. A PC or Mac laptop is needed for Minetest, Chromebooks and tablets are generally not compatible. A mouse is also very helpful for navigating the game easily.

OUTSIDE THE LINES: ONLINE ART WORKSHOPS

We have designed the workshops with 2 fun a creative works to focus on, watercolor and collage. These different skills will give you many inspiring ways to use your imagination on your project. Each of the workshops will have different themes and you will use different skills to create your masterpiece. Participants will receive a swag bag with all the necessary supplies for their workshop!

WATERCOLOR WORKSHOPS

Splash into Summer: July 7 & 9

Students will jump right into themes involving water and Summer activities. We will learn to draw various subjects of many Summer style images like water scenes, sunglasses, ice cream, flowers, and other designs that make us think of warm weather and having fun in the sun!

Creatures of the Sea: July 21 & 23

Children will learn to draw a variety of subjects found under the sea such as sea turtles, sharks and even mermaids! Watercolor paints will enhance the theme of cool colored creatures and their surrounding habitats. We will draw inspiration from underwater photography and also use our imaginations to create magical underwater worlds!

Disney Inspired Designs: Aug. 4 & 6

Children will learn to draw and decorate some of Disney's favorite sidekicks like Baby Yoda, Stitch and Pascal the Chameleon! We will tap into and learn about creator Walt Disney and how his brand began in animation and grew into theme parks and a booming business. This should spark interesting conversations about Disney movies and favorite characters!

Ride the Rainbow: Aug. 18 & 20

Children will work with the concepts of the Color wheel order as red, orange, yellow, green, blue, violet and create a variety of paintings and drawing designs that include rainbow colors and the blending of shades. Unicorns welcome!

COLLAGE WORKSHOPS

Treasure Hunt: July 14 & 16

Children will learn about famous fortunes and shipwrecks carrying valuable jewels and precious metals such as gold and silver. We will explore in paper a variety of subjects privy to a pirate in search of the buried treasure!

To Outer Space and Beyond!: July 28 & 30

Children will work with the innovative subjects of Outer space, planets, rockets, and even aliens in this out of this world workshop! Layers of paper will be carefully glued to show detail and feature bold colors in these fantastic futuristic designs.

A Day at the Beach: Aug. 11 & 13

Children will learn to use colorful paper to create beach style landscapes and explore subjects such as waves, sand, beach toys, and the sun. Skills in using scissors and cutting shapes, tips and tricks for collaging will be learned. When working with layers of paper we can incorporate some textural and 3D quality to our art.
