RE: 264 Bay Road ZBA Application – Mingo Springs LLC

Dear Mr. Bowler,

I am writing as the applicant for the above project to request the application be withdrawn based on my client's request. They have decided to go in a different direction that will most likely not require any approvals from the ZBA. If they do, we will submit a new application in the future.

Please let me know if you have any questions.

Best regards,

Brian Stein
