Comprehensive Permit Site Approval Application/Homeownership

Attached is the Massachusetts Housing Finance Agency (“MassHousing”) application form for Project Eligibility/Site Approval (“Site Approval”) under the state’s comprehensive permit statute (M.G.L. c. 40B, Sections 20-23 enacted as Chapter 774 of the Acts of 1969) known as “Chapter 40B”. Developers seeking a comprehensive permit to construct affordable housing under Chapter 40B and intending to use a MassHousing financing program or financing through the New England Fund (“NEF”) program must receive Site Approval from MassHousing. This approval (also referred to as “project eligibility approval”) is a required component of any comprehensive permit application to be submitted to the local Zoning Board of Appeals of the municipality in which the development is to be located .

As part of its review of your application, MassHousing will conduct an inspection of the site and will solicit comments from the relevant municipality. MassHousing will consider any relevant concerns that the municipality might have about the proposed project or the developer. The applicant is encouraged, therefore, to make contact with the municipality prior to submitting the Site Approval application in order to ensure that the applicant understands any concerns that the municipality may be likely to raise regarding the proposed development.

In order for a project to receive Site Approval, MassHousing must determine that (i) the applicant has sufficient legal control of the site, (ii) the applicant is a public agency, non-profit organization or limited dividend organization, and (iii) the applicant and the project are generally eligible under the requirements of the MassHousing program selected by the applicant, subject to final eligibility review and approval. Furthermore, MassHousing must determine that the site of the proposed project is generally appropriate for residential development (taking into consideration municipal actions previously taken to meet affordable housing needs) and that the conceptual project design is generally appropriate for the site. In order for MassHousing to be able to make these findings (required by 760 CMR 56.04 (4)), it is important that you answer all questions in the application and include all required attachments.

Please note that MassHousing requires that all applicants meet with a member of our Planning and Programs Department staff before submitting their application. Applications for any projects that have not been the subject of a required pre-application meeting will not be accepted or processed.

Upon completion of its analysis, MassHousing will either issue a Site Approval Letter that approves , conditionally approves or denies the application. If the application is approved, the applicant should apply to the Zoning Board of Appeals within two years from the date of the Site Approval Letter (unless MassHousing extends such term in writing).

Please note that Site Approval from MassHousing does not constitute a loan commitment by MassHousing or any other financing program. All potential MassHousing financing is subject to further review and underwriting by MassHousing’s Rental Lending Department.

Please be sure you have familiarized yourself with all of the applicable requirements set forth in the Chapter 40B regulations and guidelines, which can be found at

<https://www.mass.gov/doc/760-cmr-56-comprehensive-permit-low-or-moderate-income-housing/download>
www.mass.gov/hed/docs/dhcd/legal/comprehensivepermitguidelines.pdf.

Instructions for completing the Site Approval Application are included in the application form which is attached . The completed application form and all additional documentation should be sent, after your pre-application meeting has been held, to:

**Manager of Planning Programs
One Beacon Street, Boston, MA 02108**

We look forward to working with you on your proposed development. Please contact Jessica Malcolm at 617-854-1201 or jmalcolm@masshousing.com to discuss scheduling your pre-application meeting or if there is any assistance that we can provide in the meantime to make your application process a smooth and efficient one .

Our Commitment to You

MassHousing recognizes that applicants seek some measure of predictability regarding the timeframe for our processing of their applications. Our staff will endeavor to adhere to the following schedule for reviewing applications for site approval :

Within one week of receipt of your application (provided that you have attended a required pre-application meeting) a member of our staff will notify you of any of the items listed on the checklist at the end of the application form that were missing from your application package. Please note that our acknowledgement of receipt of an item does not indicate that any substantive review has yet taken place.

If your application package is missing any of the items indicated on the checklist by an asterisk, we will not be able to continue processing your application until such items are received.

If we have received the information which is crucial to the commencement of our review process, we will proceed to (i) give the municipality a period of thirty (30) days in which to submit comments relating to your proposal, (ii) schedule and conduct a site visit, and (iii) solicit bids for and commission and review an "as is" appraisal of your site.

If during our review of your application package we determine that additional information or clarification is needed, we will notify you as soon as possible. Depending on when we receive such additional information, this may affect the amount of time required for MassHousing to complete the site approval process.

Assuming that your application package was complete and that you respond in a timely manner to requests for additional information or clarification, we would expect to issue or deny your site approval within 90 days of our receipt of your application package.

SUSTAINABLE DEVELOPMENT CRITERIA

MassHousing encourages housing development that is consistent with sustainable development designs and green building practices. Please provide information indicating that your development complies with either Method 1 or Method 2 of the Sustainable Development Principles

Method 2 - Consistency with Sustainable Development Principals

Development meets a minimum of **five (5)** of the Commonwealth's *Sustainable Development Principles* as shown in the next section below.

If the development involves strong municipal support, the development need only meet four (4) of the Sustainable Development Principles. However, one (1) of the Principles met must be **Protect Land and Ecosystems**. Please check the applicable boxes within the "Optional - Demonstration of Municipal Support" section below, include an explanation in the box if necessary and provide attachments where applicable.

Optional - Demonstration of Municipal Support

- | | |
|---|----|
| - Letter of Support from the Chief Elected Official of the municipality * | No |
| - Housing development involves municipal funding | No |
| - Housing development involves land owned or donated by the municipality | No |

**Other acceptable evidence: Zoning variance issued by ZBA for project; Minutes from Board of Selectman meeting showing that project was discussed and approved, etc.*

Explanation (Required)

Please explain at the end of each category how the development follows the relevant *Sustainable Development Principle(s)* and explain how the development demonstrates each of the checked "X" statements listed under the *Sustainable Development Principle(s)*.

(1) Concentrate Development and Mix Uses

Support the revitalization of city and town centers and neighborhoods by promoting development that is compact, conserves land, protects historic resources, and integrates uses. Encourage remediation and reuse of existing sites, structures, and infrastructure rather than new construction in undeveloped areas. Create pedestrian friendly districts and neighborhoods that mix commercial, civic, cultural, educational, and recreational activities with open spaces and homes.

- | | |
|---|-----|
| - Higher density than surrounding area | Yes |
| - Mixes uses or adds new uses to an existing neighborhood | Yes |
| - Includes multi-family housing | Yes |
| - Utilizes existing water/sewer infrastructure | Yes |
| - Compact and/or clustered so as to preserve undeveloped land | Yes |
| - Reuse existing sites, structured, or infrastructure | No |
| - Pedestrian friendly | Yes |
| - Other (discuss below) | No |

Explanation (Required)

Provides SFH, duplexes and triplexes for households age 55 and older. The Applicant has clustered the development on 28% of the site and has agreed to deed restrict 41 acres of open space for conservation. The Applicant will provide a side walk and walking trails on site.

(2) Advance Equity & Make Efficient Decisions

Promote equitable sharing of the benefits and burdens of development. Provide technical and strategic support for inclusive community planning and decision making to ensure social, economic, and environmental justice. Ensure that the interests of future generations are not compromised by today's decisions .

Promote development in accordance with smart growth and environmental stewardship.

- Concerted public participation effort (beyond the minimally required public hearings) No
- Streamlined permitting process, such as 40B or 40R Yes
- Universal Design and/or visitability No
- Creates affordable housing in middle to upper income area and/or meets regional need Yes
- Creates affordable housing in high poverty area No
- Promotes diversity and social equity and improves the neighborhood No
- Includes environmental cleanup and/or neighborhood improvement in an Environmental Justice Community Yes
- Other (discuss below) No

Explanation (Required)

The Applicant will provide 15 affordable homes, including SFH, Duplexes and Tri-Plexes for approximately 25% of the market rate pricing. The applicant is proposing to open up a trail system on site to the public.

(3) Protect Land and Ecosystems

Protect and restore environmentally sensitive lands, natural resources, agricultural lands, critical habitats, wetlands and water resources, and cultural and historic landscapes. Increase the quantity, quality and accessibility of open spaces and recreational opportunities.

- Creation or preservation of open space or passive recreational facilities Yes
- Protection of sensitive land, including prime agricultural land, critical habitats, and wetlands Yes
- Environmental remediation or clean up No
- Responds to state or federal mandate (e.g., clean drinking water, drainage, etc.) No
- Eliminates or reduces neighborhood blight No
- Addresses public health and safety risk No
- Cultural or Historic landscape/existing neighborhood enhancement No
- Other (discuss below) No

Explanation (Required)

The applicant will provide a trail system on site open to the public. The property has received a superseding order of conditions from the Commonwealth relative to protecting wetland resources. The development will comply with the states 10 stormwater management principals.

(4) Use Natural Resources Wisely

Construct and promote developments, buildings, and infrastructure that conserve natural resources by reducing waste and pollution through efficient use of land, energy, water and materials.

- Uses alternative technologies for water and/or wastewater treatment No
- Uses low impact development (LID) for other innovative techniques Yes
- Other (discuss below) No

Explanation (Required)

Reduced road lengths, parking lot impervious areas paved right-of-ways. Uses natural stormwater treatment, disconnected rooftop runoff and non roof top runoff, minimized clearing of vegetation, environmentally sensitive development

(5) Expand Housing Opportunities

Support the construction and rehabilitation of homes to meet the needs of people of all abilities, income levels and household types. Build homes near jobs, transit, and where services are available. Foster the development of housing, particularly multifamily and single-family homes, in a way that is compatible with a community's character and vision and with providing new housing choices for people of all means.

- Includes homeownership units, including for low/mod households Yes
- Includes housing options for special needs and disabled population No
- Expands the term of affordability Yes
- Homes are near jobs, transit and other services No
- Other (discuss below) No

Explanation (Required)

The project provides units for low income households earning 80% or AMI in perpetuity. Creates affordable housing opportunities for older persons, who require one-level living (all main living areas including primary suite on first floor).

(6) Provide Transportation Choice

Maintain and expand transportation options that maximize mobility, reduce congestion, conserve fuel and improve air quality. Prioritize rail, bus, boat, rapid and surface transit, shared-vehicle and shared-ride services, bicycling and walking. Invest strategically in existing and new passenger and freight transportation infrastructure that supports sound economic development consistent with smart growth objectives.

- Walkable to public transportation No
- Reduces dependence on private automobiles (e.g., provides previously unavailable shared transportation, such as Zip Car or shuttle buses) No
- Increased bike and ped access No
- For rural areas, located in close proximity (i.e., approximately one mile) to a transportation corridor that provides access to employment centers, retail/commercial centers, civic or cultural destinations No
- Other (discuss below) No

Explanation (Required)

(7) Increase Job and Business Opportunities

Attract businesses and jobs to locations near housing, infrastructure, and transportation options. Promote economic development in industry clusters. Expand access to education, training and entrepreneurial opportunities. Support growth of local businesses, including sustainable natural resource-based businesses, such as agriculture, forestry, clean energy technology and fisheries.

- Permanent Jobs No
- Permanent jobs for low- or moderate- income persons Yes
- Jobs near housing, service or transit No
- Housing near an employment center No
- Expand access to education, training or entrepreneurial opportunities No
- Support local business Yes
- Support natural resource-based businesses (i.e., farming, forestry, or aquaculture) No
- Re-uses or recycles materials from a local or regional industry's waste stream No
- Support manufacture of resource-efficient materials, such as recycled or low-toxicity materials No
- Support businesses that utilize locally produced resources such as locally harvested wood or agricultural products No
- Other (discuss below) No

Explanation (Required)

The project will provide temporary construction jobs as well a new condominium management jobs. It will support the service industries including HVAC, snow plowing and landscaping. In addition, the new residents will become customers to the local business. It will also support local businesses through consumer spending of residents.

(8) Promote Clean Energy

Maximize energy efficiency and renewable energy opportunities. Support energy conservation strategies, local clean power generation, distributed generation technologies, and innovative industries. Reduce greenhouse gas emissions and consumption of fossil fuels.

- Energy Star or Equivalent* Yes
- Uses renewable energy source, recycled and/or non-/low-toxic materials, exceeds the state energy code, is configured to optimize solar access, and/or otherwise results in was reduction and conservation of resources Yes
- Other (discuss below) No

*All units are required by MassHousing to be Energy Star Efficient. Please include in your explanation a description of how the development will meet Energy Star criteria.

Explanation (Required)

Uses LID design, meet or exceed local and state energy codes, structural sheathing panels, closed cell foam insulation (creating a building envelope from the sill of the basement to the peak of the roof (making the energy efficiency feature known as a hot roof), energy recovery units, efficient heating systems, high quality and energy start performance rated windows, garage doors with thermal ratings.. Solar-ready homes, an electric vehicle-ready hookup in each garage, LED lighting etc.

(9) Plan Regionally

Support the development and implementation of local and regional, state and interstate plans that have broad public support and are consistent with these principles. Foster development projects, land and water conservation, transportation and housing that have a regional or multi-community benefit. Consider the long term costs and benefits to the Commonwealth.

- Consistent with a municipally supported regional plan Yes
- Addresses barriers identified in a Regional Analysis of Impediments to Fair Housing No
- Measureable public benefit beyond the applicant community No
- Other (discuss below) No
