Re: 2 Beech Street
South Hamilton, Massachusetts

Dear Ms. Barstow and Members of the Commission:

On behalf of the current property owners, Brian and Jessica Doherty, Meridian Associates, Inc. (MAI) formally requests a Certificate of Compliance for the completed work at 2 Beech Street.

An Order of Conditions was issued by the Commission on April 11, 2024. The Order authorized site work including construction of a new permeable paver patio and wood fence, setting boulders atop the existing shoreline riprap, a new floating dock and ramp, reconstruction of an existing shed, and associated landscaping within the resource area buffer zones.

I certify to the best of my professional knowledge and belief that the improvements within the Conservation Commission jurisdiction have been completed in substantial compliance with the conditions and approved plans.

This declaration is based on observable features at the time of field survey and the record conditions plan has been attached. Please notify MAI of the time and date of the hearing for this matter, and if you have any questions please do not hesitate to call.

Sincerely,

MERIDIAN ASSOCIATES, INC.

Nicholas Betts, RLA, SITES AP®
